3. **Improvements at Chadbourn Beach:** Thad announced Bill will now be the go-to person regarding Chadbourne Beach. Thad also indicated CalTrans which is responsible for Chadbourne Beach has no plans to close it, but, it appears, needs to revisit the status of the beach periodically and is looking for public input. Do *WE*, Westport Village Society, want the access road closed or a primitive toilet (to be maintained by Westport Village Society), or the beach closed to motorized vehicles? Following a discussion of Chadbourne's sanitation, safety, aesthetic and recreational needs, Bill volunteered to send out a questionnaire to all known interested parties. **Gary moved we authorize Bill to write said questionnaire with the results to be discussed at our next meeting. Steve seconded. All ayes.**

4. **Adjourn 6:15pm**
